Surat, Gujarat, India

EDUCATION

• Charotar University of Science and Technology (CHARUSAT)

B.Tech, Electronic and Communication Engineering

June 2023 - June 2027

Anand, Gujarat

PROJECTS

• Quiz App

Technologies: React.js, JavaScript, CSS

- A responsive quiz application built using **React.js**.
- Dynamic UI with reusable components for a smooth quiz experience.

• Study Notation

Technologies: React.js, React Router, JavaScript, CSS

- A **study-focused web application** featuring **user authentication** with login and signup functionality.
- Utilizes **React Router** for seamless navigation between pages.

• Shopping Cart

Technologies: React.js, Redux, JavaScript, CSS

- A **shopping cart application** built using **React.js** and state management with **Redux**.
- Implements **Redux Slices** for efficient state handling of cart functionality.
- Features pages like **Home** and **Cart** for browsing and managing products.

• JobHuntly

Technologies: React.js, JavaScript, CSS

- A **job-hunting web UI** designed to help users **find job opportunities** efficiently.
- Well-structured **components** for various sections like **Featured Jobs**, **Latest Jobs**, **Categories**, and **Brands**.
- Implements **responsive design** and structured layout using **React components**

• Coding Time Tracker - Chrome Extensions

Technologies: JavaScript, HTML, CSS, Chrome Extensions

- A **browser extension** for tracking **coding time** efficiently.
- Uses **background scripts** and **content scripts** for monitoring user activity.
- Includes a **popup UI** for displaying coding statistics.
- Stores and visualizes data using **chart.js** for insightful time tracking.

• Course Buying & Learning Platform (In Progress)

Technologies: Node.js, Express.js, MongoDB, Razorpay, Cloudinary

- A **backend service** for an **online course platform** that allows users to **buy and study courses**.
- **Razorpay integration** for secure payment processing.
- **Email notifications** for course purchases using a mailing system.
- Implements **authentication**, **profile management**, and **course enrollment** with structured MVC architecture.
- Utilizes **Cloudinary** for handling image uploads and **MongoDB** for database storage.

ACHIEVEMENTS

- **LeetCode**: Knight (1590 Rating, Top 24.38%), 200+ problems solved
- **Competitive Programming**: CodeChef: 1 Star (1245 Rating), CodeForces: newbie (853 Rating)

SKILLS

- **Languages & Core**: JavaScript, Data Structures & Algorithms
- **Frontend Technologies**: React.js
- **Backend Technologies**: Node.js, Express.js
- **Databases**: MongoDB
- **Development Tools**: Git, GitHub
